LAGA BAD WEINLAUBE

As part of the Bad Dürrenberg 2024 State Garden Show, our office was commissioned to design and implement a wooden vine arbor in the spa park on the Saalehang. This vine arbor is to offer a breathtaking view of the surrounding landscape and be used as a permanent part of the spa park for various events every six months.

The wine arbor includes a kitchen area, toilet facilities, a bar and comfortable seating. Generously proportioned fronts seamlessly extend the interior to include an adjoining terrace, which makes the stay even more pleasant and emphasizes the closeness to nature.
